A female calls asking for me, when my wife asks who it is, she will not say. I tracked the number to Warrenville, IL. I think it is for a medical collection.

I get repeated calls from this number but no one ever leaves a message. Any ideas?

This is a collection call, a female asks for you then a collector gets on the line, extremely rude male basically trying to collect a debt by disrespectfully asking questions. I hung up on him and called back to speak with a supervisor and got him again and I said I wanted to speak with a supervisor and he said NO, that's not gonna happen! And said I was belligerent and to call back when I can discuss this like an adult and hung up on me. He was very insulting.

I did a Reverse check on this number as it only showed " Illinois call " with the number on my caller ID and it came up as a Landline , unpublished in Warrenville . When I answered my phone , whomever it was hesitated and then they hung up . I did not want to call the number back and as I said , just did a Reverse Phone number look up . If it is a bill collector , ohhhhhhhh welllllllllll , not like I did not answer !!
