What Users Are Saying

"Since joining DebtGoal about 6 months ago I have successfully paid off a little over \$12,000 or 20%+ of my debt. This site was a godsend to someone who thought they knew what they were doing."

"Thankfully, we found DebtGoal. We were only managing to dig ourselves out of debt at \$500 per month. Since starting starting DebtGoal 7 weeks ago, we have paid off nearly \$2600 in debt."
