60 Minutes Catches Loan Servicers Practicing Fraud

From Article at GetOutOfDebt.org

The Consumer Action Law Group is dedicated to improving the financial lives of the public. Our mass-joinder lawsuit is designed to help consumers that want to reduce their principal balance to market level and also want a 2.00% fixed mortgage.

Unlike a loan modification or a note buying scenario, our mass-joinder lawsuit does not depend on your income, your banks willingness to renegotiate the terms of the mortgage or your delinquency status. Instead, you have two options to resolve your mortgage problems.

The first and most promising option is litigation. Our office will review your mortgage free of charge. If you fit the profile, you can litigate against your bank for maximum return.

If you are not eligible for litigation, The Consumer Action Law Group can provide loss mitigation services with your lender.

Please take the time to review our program on the “How Our Program Works” page. If you want to determine if you are pre-qualified for our program, please fill out the “Find Out if You Qualify for Free” section on our website and one of our representatives will call you back shortly. Or, for faster service, call us at (877) 331-9616.
