## Credit Scams

Many debt relief and loan modification companies simply charge large upfront fees with promises that are never kept, but we can help. Have one of these companies guaranteed you results? Or that you would get your money back if not satisfied? Have many months or even years gone by with no results? Do you feel you've been ripped off? Now, what do you do? Call us. At the Legal Assistance Center, we have aggressive and experienced attorneys who file claims and lawsuits against these companies and individuals to recover these fees back for you. **And we provide this service with no cost to client until recovery.** Ask yourself these questions:.

- Did you pay an upfront fee to these companies?
- Did they refuse to return your fee or only give you a portion of it?
- Did they make promises or guarantees to you?

If you answered YES to any of these questions, you may be entitled to your fee as well as additional damages. If you feel that you've been scammed or ripped off by a company, individual or even a lawyer who never performed that loan modification or debt settlement service, please call us toll free now for a free consultation so you can know your rights.

**The Legal Assistance Center offers practical solutions with a personal approach for your legal issues. For an appointment, contact us at 888-355-4450 or local at 561-227-1617**
