What We Do

Prime Credit Experts provides affordable and guaranteed credit restoration services by attacking the negative items sinking your credit score. How do we stand apart from the competition? We simply begin with credit repair. Click here to find out more.

It's never been a more important time to work on your credit score. As lenders get tougher on who gets to borrow, your score becomes your greatest asset.

How Much Is It?

After getting started for just \$59.95, you'll get a complete credit evaluation by our team of analysts to begin the process of improving your credit. After the \$59.95 enrollment and case analysis process, you may choose to become a Prime Credit Experts Member who qualifies for all our services.

The "Law" Myth

There is a lot of hype and rumor about who can repair your credit. The Fair Credit Reporting Act leaves it up to you to decide who can take care of your credit issues, regardless of claims by overpriced per-hour lawyers or competitors who claim that your only solution is to hire a partnered firm.

Our Guarantee

Our guarantee and refund policies are as simple as our services are: If we do not fulfill the terms mutually agreed to in our Agreement, you get 100% of your money back.

OUR SERVICES

- Charge Offs
- Late Payments
- Debt Collections
