HOW TO MAKE YOUR SEARCH ENGINE LISTINGS POSITIVE

MAKE YOUR REPORTS LOOK LIKE THEY SHOULD | POSITIVE

TO MAKE YOUR SEARCH ENGINE LISTINGS CHANGE FROM A NEGATIVE TO A POSITIVE...

ALL YOU NEED TO KNOW IS THIS:

By becoming a member of the Corporate Advocacy Program, no matter how you search your name on search engines, it will all look as it should. Positive. Just as long as the member business lives up to their stated commitment to customer satisfaction and always take care of complaints quickly... always making it right with their customer, going beyond the call of good customer service... Member business listings will be POSITIVE and should be at the top of search engines. Click on the actual links below to see for yourself.

Consumers love to do business with those that can show how they took care of their customer. We all make mistakes. How a business takes care of those mistakes and shows how they took care of their customers is what separates good businesses from bad businesses.

Now that you understand how your listings can look.. this can only happen after you agree to the following:

- Let us contact those from the past to make things right with them. Don't worry, if the report was bogus there is nothing you will have to do. Phony reports are exposed.
- Make stated changes to avoid the reported things from happening again. Even if complaints are bogus, there are things you can do to avoid even that.
- Make a commitment to customer satisfaction. Of course everything within reason.
- Go beyond the call of good customer service. Doing more than your customer expected brings them back and creates positive buzz.

Following the policy: Do for others as you would want them to do for you.
