**Motor Club of America (MCA) President Mr. David Kircher Answers My Questions**  
Motor Club of America, MCA, David Kircher, benefits, auto club, motor club, the auto club, update

Mr. Kircher,

Thank you for your email containing this new and vital information regarding MCA. I just have a few questions I would like answered at your earliest convenience. I understand that you are most likely flooded with emails and will patiently wait for my email to be answered.

- For those of us who purchased the MCA Total Security Membership @ \$19.95/month will we still receive residual income with this membership or do we have to upgrade to receive residuals?  
"No you will still receive your residuals...nothing changed regarding the Total Security membership we just added the Gold and Platinum to provide an ADDITIONAL income stream." - David Kircher
- If/when we upgrade do our sponsors make a whole new \$80 commission off of our upgrade?  
{Just a side note for everyone, I asked this question because as soon as the new memberships were released sponsors seemed to be pushing their associates a little hard to upgrade. I wanted to be sure they were doing this because it benefited their associates and not themselves.}  
"No." - David Kircher
- Is payday still every Friday?  
"Yes... the matrix income from is the only commissions that are paid once a month ... like I said everything else remains the same." - David Kircher

I was ECSTATIC when I found out we would still receive residuals from the \$19.95 plan!

So, for those of us who do not choose/want to upgrade, you do not have to and you will still receive the same pay for commissions and residuals as well.
