Your better off paying the credit cards . And working with then directly . I was told they would negotiate my balances theyve just take money now and never answer companies like this should be shut down . They say thy are a rated with the bbb but only for a short time I expect to see an f in the future if they do this to everybody 38c2800

Righty2000. Feel free to call me anytime with your client id number and I will be happy to address any issues you may have. As you and everyone else knows we are a 100% performance based firm. This means one thing. We make no money unless we succeed. So, people may attempt to level all sorts of scam charges against us but they really make no sense. If we do not perform we make zero money. Our BBB rating is there because we work very hard for our clients and we are 100% on the up and up. So, again righty2000 call me directly at (866) 450-1440 ext.306

I think the key phrase is 'we make no money unless we succeed' - who determines the success? If you settle 3 of 4 and still take out the fees on the 4th and keep taking money - are you considering it a success?
