### 4695 MacArthur Court, 11th Floor, Newport Beach, California, 92660

The John Wayne Airport Center is on the 11th floor of a 15-story, white marble tower featuring an attractive courtyard, fountains, and palm trees. Located in a popular business park, close to retail outlets, restaurants and hotels, it's five minutes from John Wayne International Airport and daily Metrolink and Amtrak service at nearby Irvine Transportation Center. Tourism plays its part in the local economy with visitors drawn to nearby Newport Beach's seafont and harbor. John Wayne Airport is the sole commercial airport within Orange County, but is also just 14 miles from the Disneyland resort. By contrast, LAX is 35 miles from Disneyland. The city of Irvine is home to both start-up businesses and established international corporates. The technology, medical and education/research sectors are among the major employers in the city. The center offers convenient access to Interstates 405 and 55.
