their website says it all - nothing more than a capture funnel page with no information on what they can do for you beyond the generic bs. the 800 number is different on their site than the mailer they send you - 8004502173 - not that that is a big deal. What is a big deal is their lack of reviews beyond a few 1 star reviews online basically saying STAY AWAY!

Do not trust Tweed Lending

They are a scam and is a fly by night operation. They hound you even after you say your not interested
