What We Offer.

Many people turn to [debt negotiation](#) for different reasons. They may be on a consolidation plan and not seeing any progress, are suffering a financial setback and steadily sinking further into debt, or are in such financial strain that they are considering bankruptcy. We're here to help you eliminate your debts once and for all. We don't work for the credit card company, we work for you.

DebtXS™ works with you to eliminate your debts in the shortest amount of time with the least amount of money without filing bankruptcy. We will determine a monthly savings plan that fits into your budget based on the total amount of your debt. You are in COMPLETE control of your finances—you set up your own savings account where you set funds aside for the purpose of settling your debts. When we negotiate a settlement that YOU agree to, YOU withdraw the funds and send the money directly to the creditor. Unlike other programs, you are able to set aside as much as possible each month.
