Welcome to National Asset Exchange

How can I work with National Asset Exchange?

FINANCIAL INSTITUTIONS AND CREDITORS

National Asset Exchange leverages technology, access to capital, and its relationships in order to bridge the gap between creditors and debtors.

The technology utilized by National Asset Exchange increases the aggregate value of debt pools to be purchased. Access to capital and being cash ready can increase the likelihood of a resolution with a financial institution or creditor. We engage debtors by way of their legal representation who have opted in to resolve their debts. Once we have aggregated a large enough pool we are able to present the opportunity to buyers within our exchange.

DEBT SETTLEMENT COMPANIES, CREDIT REPAIR AGENCIES AND LEGAL REPRESENTATIVES

With the industry under siege, the ideal outcome for debtors enrolled in the market available programs is the resolution of debt. Our in-house legal and accounting team can evaluate debt portfolios and present cases to third party debt buyers for purchase on our exchange. The purchase of accounts is
