## CREDIT CASES

### CREDIT CASES

Most people simply "lay down" when they receive a credit card lawsuit - they ignore the suit and do nothing about it. **DON'T DO THIS.** If you don't respond to the lawsuit, the credit card company will take a default judgment and you will lose.

### Explain the guarantee

If we get the complaint dismissed or if the other side drops the case, we keep our fee. If we can't get you one of these two results, you have two options - you can have a refund of your fees, less any filing fees we had to pay (usually \$30), or you can

advise us to proceed with trial and do what we can to minimize any judgment that will be entered.

"If we get the case dismissed or if the other side discontinues the case, we keep our fee."
