Rescue One Financial has earned its reputation by taking an honest and informative approach to helping people find the best solution for handling their debt. An industry leader in debt settlement services, our negotiations department has settled over 750 million dollars of unsecured debt. With our outstanding customer service, and a proven debt settlement process we can provide a fast and ethical way for our clients to become debt free and get back on the path to financial freedom.

Our mission is to negotiate our client's debts to a fraction of what is owed. Historically, our client's average settlement rate has been between 35-50% of the debt owed not including program costs. Our debt reduction program gets you out of debt 10 times faster than making monthly payments and about 3 times faster than Consumer Credit Counseling. We believe our program truly is the fastest way out of debt without filing for bankruptcy.

Proud Members of The United States Organizations for Bankruptcy Alternatives and a Preferred Member of TASC (The Association of Settlement Companies). We are also certified through the IAPDA (International Association of Professional Debt Arbitrators)

Your consultation with us is free and confidential, and the best part is you don't pay a dime until we get some results for you.
