Members

TASC® issues a member population of 84 per quarter, and we've simplified the search process so that you can find qualified debt settlement companies to see whether or not they are members of TASC. You can use the statistics link below to view a list of companies, or enter their name in the search box below. Searching for the word "debt" will bring up all companies with the word "debt" in their name.

You can also search for all TASC members that have attained Accreditation status. Accreditation is the process whereby an independent third party company, approved by TASC, conducts an on-site audit of the Member's policies and procedures to verify that Member's adherence to TASC standards. To remain Accredited, Members must have the audit conducted at an annual basis.

For more information, please read our membership descriptions.
