CREDIBILITY

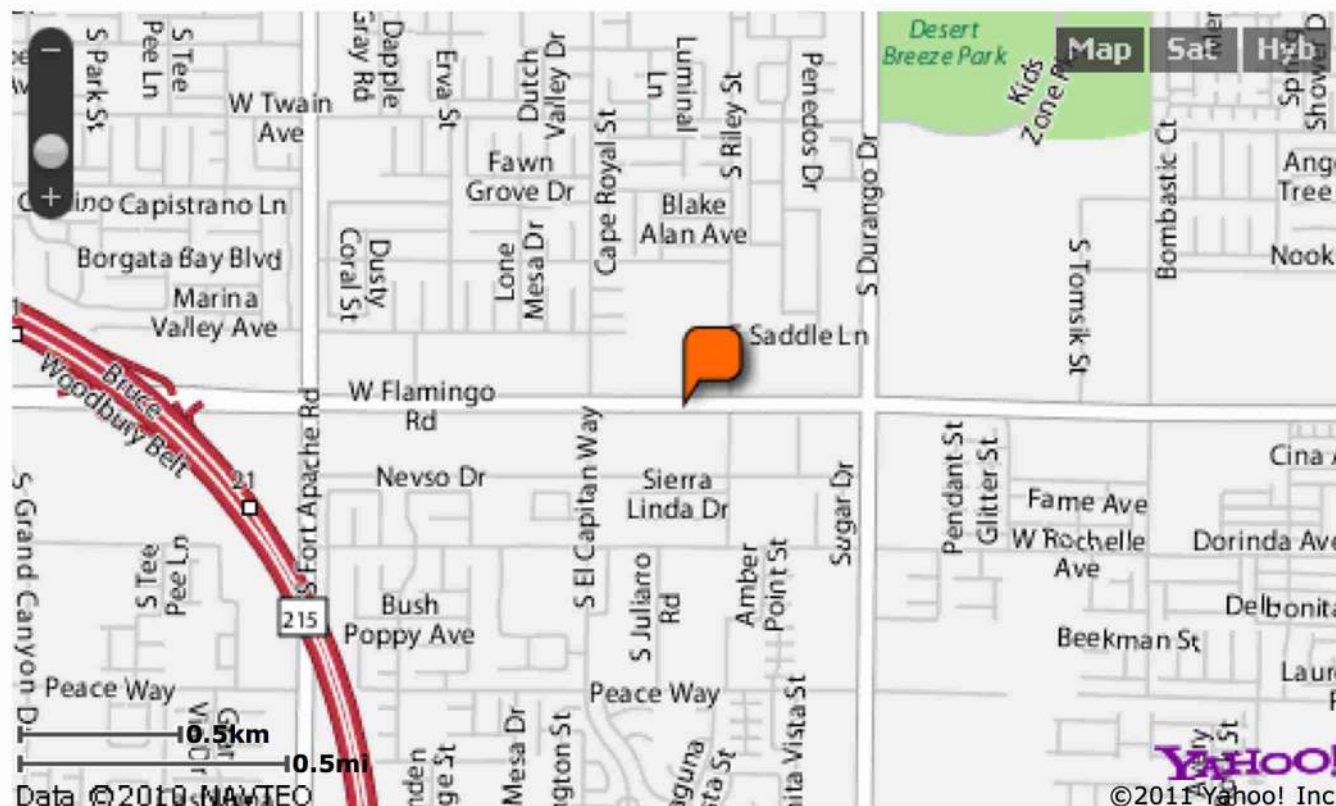

[Click here](#) to verify our credibility and reliability rating "by the most trusted Business Reporting Agency in America".

It is important to note that **United Employee Benefits** financial programs originated as a financial service to borrowers/clients of Benchmark mortgage (Winton, Ca.). Through unprecedented demand for mortgage restructuring alternatives and the need for national solutions to overcome borrower defaults, *United Employee Benefits* was elevated as its own free standing national entity in 2008 to meet the growing demands of the national banking crisis.

In 2009, the entire Benchmark Mortgage Branch (Winton CA.) became the operational management of United Employee Benefits and its financial services program. ([Click here](#) to view "our reputation" and "experience" as what we accomplished and represented when we were part of the Benchmark family)
