HOW TO AVOID HAVING YOUR NEW ALIAS NAME CHANGE FILE AND YOUR CURRENT FILE FROM MERGING!!

DO NOT

DO NOT -Use any part of your current name or family member's names, choose a completely different name.

DO NOT- Apply or extend credit with a creditor if your current account is NOT in good standing, this will merge your files!

DO NOT- Open a new checking or savings accounts with anyone you have done business with in the past!

DO NOT- use any prior credit references on any new credit application

DO NOT- record or reference prior addresses, phone numbers, vehicles, etc., on new credit application

DO NOT- be tempted to use old credit references, which where favorable to you, because you will be bridging them from your old file

DO NOT- put your Spouse on any applications

DO NOT- use personal checks from your bank accounts to pay creditors who are in your new file! Some businesses keep records of your checks and could create a link to your current file.

DO NOT- give anyone your Social Security Number whom you have any contact with in the past who could link you with your old file

DO NOT- give your new credit file information to services like lawn care services, garbage collectors and in particular, insurance agents and insurance co.

THIS IS CRUCIAL TO ASSURING THAT YOU ARE KEEPING THE TWO FILES SEPARATE!

DO

DO -Say that you RENT on all applications!

DO - Use your SSN, original Name and address when dealing with Doctors, Dentist, Hospitals and etc., just as you always have

DO - Say that you have lived at your new address for the last 7 years, this eliminates providing an additional address, and shows stability
