What's this?

RESNO, CA - Capital Debt Settlement (CDS) and Legal Helpers, the largest Fair Debt Collection Practices Act enforcement law firm in the country, have recently formed an exclusive partnership in order to protect CDS clients from being harassed by Collection Agencies.

In 2008 alone, the nationwide network of Legal Helper attorneys filed more than 40,000 cases against collection agencies they believe violated the law and achieved millions of dollars in settlements and litigation awards.

About Capital Debt Settlement:

Millions of Americans are burdened by high amounts of credit card debt, but the experts at Capital Debt Settlement are here to help. They can organize debt repayment so borrowers pay less than they currently owe.

Capital Debt Settlement is a comprehensive debt management company helping consumers across the country deal with intolerable amounts of credit card and other unsecured debts. Through years of experience, they have developed turnkey negotiation and creditor management processes that assist in either reaching settlements or reducing monthly payments, fees and interest rates for clients' unsecured debts. Their debt settlement and debt management strategies can help customers nationwide successfully get their finances back on track.

Reaching out for help is never easy when you're in debt. The team at Capital Debt Settlement recognizes the fear all of their clients go through when they make their first call. They know being in debt is tough, so they will do whatever they can to provide smart, informative and affordable financial planning.
