SANTA ANA, CA — (Marketwire) — 06/15/09 — Capital Debt Settlement is pleased to welcome Monica Avalos, who recently joined the debt settlement company as Director of Client Services. Ms. Avalos brings her experience from Bank of America, where she oversaw a business support call center of 400 employees. Prior to Bank of America, Ms. Avalos held the position of Associate Vice President with Saxon Mortgage, a subsidiary of Morgan Stanley.

“We are very excited to have Monica come on board,” said Marc Penso, CEO of Capital Debt Settlement. “Her experience with growing and managing a large client service center operation will help us grow our business and maintain a high level of customer service. In addition, because of her experience working within Fortune 100 organizations, we gain tremendous understanding of what the banks’ objectives and solutions are when dealing with clients in hardship. This information alone will go a long way towards forging better relationships with the banks and creating better ‘win-win’ settlement solutions.”

Capital Debt Settlement, a leader in the credit card debt management industry, operates from

two offices in the U.S., represents clients in 40 states and is a member in good standing with TASC(TM). For more information about their debt settlement services, visit www.capitaldebtsettlement.com.

About Capital Debt Settlement:

Capital Debt Settlement is a debt settlement company helping consumers across the country deal with intolerable amounts of credit card debt and other unsecured debts. Through years of experience, the people at Capital Debt Settlement have developed turn-key negotiating processes and creditor management processes that assist in reaching settlements for our clients' unsecured debts. Their debt reduction strategies can help customers nationwide successfully get their finances back on track.

Capital Debt Settlement continues to pursue active and cooperative relationships with creditors and major lending institutions across the country to get clients the solid results they deserve. They know the credit and collections industry well, including its cycles, internal policies and procedures, so they know how to provide a solution when debt gets out of control.
