Last posting: Wednesday, January 30, 2008

These two ladies, Scott Rister (State Capital) and Chris Kesterson (DSA) have been feuding for years. As a former employee of this company I have seen it all. Chris bought out Scott and they parted ways. Chris decides now, After ripping off so many people that he wish's to pursue his former employees to testify on his behalf against Scott, his former partner. Chris is spending thousands of dollars to get out of the buy out because he knows Scott, does not have the money to fight him. Scott, opened State Capital [financial](#) in Austin Texas but now resides in Florida. His mommy, Katherine Kesterson, AKA Katherine K still lives in Dallas and pretty well runs both companies. She is seen quite frequently in DSA doing a job on Chris. (Katherine K is the ex-wife of Chris Kesterson and the mommy of Scott Rister). Both individuals are all about the [money](#) and power and give very little effort to the consumers they are stealing money from.

Take a look at State Capitals website under testimonials. You will see an entry from Linda and Malik. Neither one of these two have ever worked or been a client of this company. They did work at DSA for a stint but were both being ripped off by that employer and the "MANAGER" to overlook the operations. "Ted" came to work for this company for a HUGE salary and had no industry experience whatsoever, but managed to sell Chris on the idea he had a clue. Please warn your friends, please warn your family to steer clear of these two companies that are without a doubt, ripping you off with lies about their services as well as the plain ethics behind being a business owner. They both drive BMW's and live in very expensive properties.

Obviously this is a disgruntle employee for whatever reason they have I am not concerned with. My main concern is to inform consumers that both [Debt Settlement America](#) and State Capital Financial are both here to provide consumers with a proven service. Both I and Mr. Kesterson have been in the industry ever since there were only a handful of companies many years ago providing this service. I can guarantee you that both Debt Settlement America and State Capital Financial provide a legitimate service helping individuals that are in financial hardship.

Working thousands of accounts and dealing with multiple thousand clients I can say that our companies are here to provide a valuable service to qualified individuals. Our testimonials are real and just a short sample of the thousands of clients that are appreciative of the service both companies provide.

If you would like to know more about each company I recommend that you visit them online and call to speak with a representative for the real truth of the service provided.

Sincerely,  
Scott Rister

This rather immature posting does not warrant much of a response other than that it appears to be from a former disgruntled employee. DSA is reputable, is an industry leader, and actively advocates for strong industry standards through its membership and leadership in the industry's predominant trade association. Specific and accurate information regarding our company can be obtained from our website and/or the trade association. We welcome any inquiries and hope that you will fully research our company before making any judgments based on this posting.
