P&E Solutions is a software provider for debt settlement clients and companies.

We have just launched the newest innovation in the industry of debt settlement. That innovation is ESP (Expert Settlement Professional.) Expert Settlement Professional system is a revolutionary new technology which empowers the consumer. Expert Settlement Professional, also known as ESP allows the process of Debt Settlement to be fully automated between the client and the creditor.

As per the client signing their license agreement for the ESP system, all of the information contained within their contract is transferred to Expert Settlement Professional. Once transferred, ESP immediately initiates contact with the creditors on behalf of the client. A Cease and Desist Letter and a Settlement Proposal will be automatically sent to client's creditors. ESP acts as the client's "arbitrator" by aggressively sending out settlement proposals. ESP becomes more aggressive as the consumer accumulates funds in their savings account. The intermediary's relationship with Expert Settlement Professional System is simply remarkable.

Creditors will be provided access to ESP and be able to view all accounts which have been enrolled into the program. Creditors will have the capability of accepting, declining and/or submitting counter offers through their ESP online account. In addition, creditors will have the ability to pull accounts and do bulk settlements.

Traditionally debt settlement is a difficult, time consuming and cumbersome process. What we love about Expert

Settlement Professional is that it modernizes the debt settlement industry. This software system is both user friendly to the creditor and the consumer. ESP system provides the luxury of having all communication with the creditors viewable and fully automated. Should the client need further assistance, ESP is supported by FBL Associates Law Firm. Each client will receive an independent contractor attorney in their state for legal guidance. Lastly, Pre-Paid Legal will provide up to 40 hours of court appointed representation for each client. All of this value will be provided at no additional cost to the consumer.
